

KAGO_framework.view.simple
_gui.Button.Button

KAGO_framework.control.View
Controller.draw

KAGO_framework.view.Program
View.ProgramView

KAGO_framework.control.View
Controller.draw

```
graph LR; A[KAGO_framework.view.simple_gui.Button.Button] --> D[KAGO_framework.control.View Controller.draw]; B[KAGO_framework.control.View Controller.draw] --> D; C[KAGO_framework.view.Program View.ProgramView] --> D;
```

The diagram illustrates a dependency or call relationship. Three source components on the left are connected by blue arrows to a single target component on the right. The target component is highlighted with a gray background. The source components are: 1. KAGO_framework.view.simple_gui.Button.Button, 2. KAGO_framework.control.View Controller.draw, and 3. KAGO_framework.view.Program View.ProgramView. All three arrows point towards the target component, KAGO_framework.control.View Controller.draw.
